With live music, coffee, tea, and snack/dessert “potlatch” and all of the current local information on Southwest Florida environmental happenings!

“The Mangrove Gathering” Eco Café blends both information and entertainment into an evening that goes beyond consciousness raising, to give long-time and newly made friends options to become involved firsthand with the Earth and all its life.

Find answers to your questions, express comments and opinions, or check the wall calendar for upcoming environmental meetings and events. Sharing environmental concerns and solutions is the framework of the evening.
